Corneliu Zediu

BA of Eng. & Mmgt.

About Me

I am a junior front-end developer with diverse experience from engineering, sales and business administration. Having a liking since always for technology, I have committed to following a career in IT and web development. My best decision in this regard was to follow the Developer Akademie course in order to build a strong foundation in web development.

I am looking forward to building on my experience.

Main Stack:

- JavaScript.
- TypeScript, Angular, Material Design.
- HTML, CSS / SCSS, Bootstrap.

Side Stack:

- Git, APIs (REST), Google Firebase.
- Lightroom.

Skills

- **Building applications with JavaScript & Angular:** I built landing-pages and several web apps, as well as OOP-based Jump-and-Run-Games with the respective technologies.
- **Working in a software-team:** During learning coding, I did various group projects where I learned how to develop a software project in a team.
- **RFID devices maintenance and team training.** I was responsible for the good operation of store devices, as well as training and helping the employees in using them.
- **Team leading and high sense of responsibility:** Starting from the lowest job position, I learned the importance of team management and sense of responsibility that got me to an area supervisor position and section responsible position.

Professional Experience

Bershka Deutschland GmbH / Salesman & Chico Respo

March 2019 - June 2022 - Bielefeld & Stuttgart, Germany

- Maintenance and repair of basic work devices.
- Visual merchandising and organizing the men section of the store.
- Responsibility for section KPI-report to management.
- Customer service in German, English & Romanian.
- Daily & weekly team tasks organization together with the management team.

Altius Fotovoltaics Srl / Economical Engineer

November 2017 - June 2018 - Bucharest, Romania

- Customer offers and service in English & Romanian.
